

CONNECTED BLUEPRINT™

for **Supply Chain**

Uncover possibilities and take the first steps to modernization.

With Connected Blueprint™ for Supply Chain, you'll get a customized strategy that makes the most impact in the shortest amount of time, enabling supply chain resiliency.

Step 1 **Assess**

We'll identify your **strengths and weaknesses** through a process Gemba walk and discussions with your leadership team and our tenured subject matter experts.

Step 2 **Prioritize**

Prioritize opportunities on a **Kaizen PICK chart** from what we gathered in our discussions and Gemba Walk. You'll choose a **focused workshop** on what is most critical for your business:

Supply Chain
Visibility

Supply Chain
Optimization

Supply Chain
Trust

Planning
& Optimization

Logistics
& Distribution

Workforce
Transformation

Step 3 **Act**

After identifying your strengths and weaknesses, prioritizing opportunities, and focusing on a critical area to your success, we'll act on these insights and create your very own unique, tailored **Connected Blueprint™ for Supply Chain**.
